

ASUS Zenbook Duo

The laptop of tomorrow

Experience ultimate productivity

ASUS ScreenPad Plus gives you on-the-go computing like you've never experienced before. It's a full-width secondary touchscreen that works seamlessly with the main 35.56cm (14-inch) FHD display, giving you endless ways to optimize and personalize your workflow. A series of handy built-in apps help boost your productivity. Quick Key allows one-tap automation of complex keyboard sequences, and Handwriting lets you input text intuitively.

Ultrafast connectivity

ZenBook Pro Duo is built for creative professionals, so there's no compromise on connectivity. A full set of high-performance I/O ports — including the latest Thunderbolt™ 3 USB-C™ port — give you dongle-free connectivity whatever you're doing, wherever you are. The latest Intel Wi-Fi 6 with Gig+ (802.11ax) takes wireless speeds to the next level, for supersmooth connections to the world.
